Blaney McMurtry reaches across borders for assistance in representing clients' interests anywhere in the world. As a member of TAGLaw®, a worldwide network of independent law firms, ranked by Chambers & Partners as an “Elite” legal alliance, we have access to the resources and expertise of leading lawyers across Canada, the United States and globally.

As a member of the Risk Management Counsel of Canada, a national association of independent law firms offering a comprehensive range of legal services to the insurance industry, risk retention groups and self-insureds, we have access to resources and expertise of leading insurance lawyers in every province of Canada. We also enjoy strong support from both the property and casualty insurance industry and self-insureds, and collectively we have made a commitment to embrace technology in an effort to solve risk management problems. The members of Risk Management Counsel of Canada believe that in acting collectively we can deliver legal services for the risk management industry in a manner that supplements and enhances existing approaches.

Insurance Law Global (ILG) is a network comprised of like-minded, independent insurance defence firms from the UK, Canada, Spain, Netherlands, Mexico, Australia, France, Argentina and the USA. As the founding Canadian member firm, Blaney McMurtry is committed to providing global service to insurance clients from independent law firms across the UK, Europe, Australia, North America and South America, responding to the challenges presented by globalization and the increasingly dynamic political and environmental landscape.
